A Guest Lecture on

Career Guidance and Fundamentals of programming

The PG department of computer science & Applications organized a guest lecture on 14th September 2019 on "Career Guidance & Fundamentals of programming" by Dr. M. BABUREDDY, Assistant Professor, Department of computer science, Krishna University, Machilipatnam for the first year students of M.Sc. (CS), M.C.A. and II M.C.A.

He started his lecture by demonstrating so many live examples used in our daily lives and how the student can think to convert that as a programme. He has taken one example i.e., To check whether the given number is prime or not. He demonstrated to the students in various way to implement this programme and the importance of modifying the information in those models. He also explained about the differences between looping statements that is for, while and do-while. In the conclusion, he explained the importance of setting a goal and choosing the career best. He mentioned in his lecture, there are so many jobs in the market and to get a student has to acquire more knowledge in the technical aspects.

Dr.M.Babureddy, Asst.Professor, Krishna University addressing the students
